Dear Viktor,

I received your alarmed letter concerning Lida, dated 8 August 1961. I believe you must have received my letter by now in which I gave you Lida's address: Helsinki, Johani Ahontie 16, Apt. 1, c/o Jung. It is easy to prove that she never lost her Finnish citizenship; for that purpose she only needs to obtain a certificate from the parish where she was registered before her marriage, stating that she has always been a Finnish citizen, and since she married a stateless person, who remained stateless and did not acquire any other citizenship, she has remained a Finnish citizen. I explained all this to her and asked her to get such a parish certificate and bring it to me, and we shall take care of everything. However, until now she has not done anything.

Three days ago her brother Yevgeniy Bob. VESTERLUND (Westerlund) called me and said that some mail for her had been waiting in his apartment for several days, including your letter with 100 German Marks.

but that Lida had not come to pick up her mail and that on Friday, 11 August, Lida's apartment manager came to see him. She said that Lida was frightening her son, a 16-year old boy; she was said to laugh aloud at night, talk and swear aloud to herself, and whenever the lady was away the boy was afraid to stay home at night.

Lida had been to see me on Tuesday of last week, i.e. 8 August, and asked me to find out if there was any mail and money for her at her brother's place, and that she did not want to call there herself, but would come to see me again on 9 August to learn what I had found out. I found out (about the mail), but until now she has not come back to see me, or gone over there.

She told me that in her new apartment some kind of fluids were emanating from the telephone and radio which affect her, and that these fluids were allegedly being sent from Munich by the Tetepermans (?). I tried to reassure her and said she was talking nonsense. Apparently she believed me, but what happened after that I don't know. That is all I know about her.

I am sending you a photograph of a member of the Organizational Committee of the Festival, i.e. the Frenchman Jean GARCIA, about whom I have already written to you in detail. Their permanent courier is now expected to arrive from Prague; he is an Iraqi citizen, THUSSAIN, Houri Abdull Ruzait, a student, born in Baghdad in 1934. He has not yet arrived.

By the way, we are also expecting the arrival (application for a visa has been made) of an East German journalist, Rolf WEISBACH, born 6 September 1923. He is now in Moscow; he has an official passport. He already came to Finland several months ago and it was suspected that he was engaged in espionage. I am giving you this for your information.

Sincere greetings to Astrid. Has the third child arrived yet? Greetings to Mr. G., and if V. V. [or V. I.?] has arrived, please remember me to him also.

Don't you have anything on the Scandinavian countries: Denmark, Sweden, Norway, i.e. about the work of our friends [comrades] there? Please write.

Sincerely yours,

K.

P.S. By the way, the last name of the HTS intelligence chief is

KIRSANOV, alias KRUGLEV (?), and RUSAK is his assistant.

What do you know about them?
